There were no disclosures of interest declared.

**CTF005-17 Gannons Road, Woollooware/Caringbah - Traffic
Congestion and Pedestrian and Cyclist Safety
File Number: 2015/216897**

RECOMMENDATION:

THAT:

1. The Consultative Traffic Forum note the adverse traffic conditions of extensive queuing and delays for south bound traffic along Gannons Road between Kingsway and Captain Cook Drive during the PM peak period.
2. The State Government be requested to upgrade the original (westbound) rail bridge structure across Gannons Road, south of Denman Avenue such that a five lane capacity with a standard footpath provided on the western side of Gannons Road and a shared pathway on the eastern side of Gannons Road.
3. A pedestrian/cycle facility be integrated into the design of the new railway bridge that would enable cyclists and pedestrians to safely cross over Gannons Road and satisfy the ultimate recommendation for the Sutherland to Cronulla Active Transport Link (SCATL) at this location.

The Meeting closed at 10.17 am.
