

Nature Creatures

with Lee Bethel

Nature Creatures

Collect:

fallen leaves, flowers, bark, rocks and twigs
to create a new creature

Look carefully for FALLEN bits and pieces (try not to pick from growing plants).

You can now draw and colour your creature, give them a house to live in and a place of their own.

Create a whole new land for them.

Maybe write a story about what they do and create some family and friends for them.

HAVE FUN!
