

SUTHERLANDSHIRE

# INTRODUCTION

DCP 2015 CHAPTER 1

## **Sutherland Shire Development Control Plan 2015**

### **Name of this DCP**

This development control plan is known as Sutherland Shire Development Control Plan 2015.

### **Commencement Date**

The Sutherland Shire Development Control Plan 2015 (DCP) was approved by the Sydney South Planning Panel on 25 July 2017 and came into force on 2 August 2017.

### **Purpose of the Plan**

The DCP supports the provisions of Sutherland Shire Local Environmental Plan 2015 (LEP). The LEP commenced on 23 June 2015 and provides the statutory framework for land use and development in the Sutherland Shire.

The LEP and the DCP work together to help deliver Council's Community Strategic Plan. The Community Strategic Plan outlines the community's aspirations and long-term vision for Sutherland Shire. In particular, the plan aims to protect and sustain our beautiful natural environment, including the streets and public places we live and play in. Residents, community groups, schools, Council, and developers all have a role in protecting our environment for the benefit of us all and our future generations.

This DCP was prepared in accordance with the requirements of the Environmental Planning and Assessment Act 1979 (the Act) and the Environmental Planning and Assessment Regulation 2000 (the Regulation).

The DCP contains detailed objectives and controls that will be used by Council when determining applications under Section 4.15 of the Act. Compliance with the provisions of this DCP does not necessarily guarantee that consent to a Development Application (DA) will be granted. Each DA will be assessed having regard to the LEP, this DCP, other matters listed in Section 4.15 of the Act, and any other policies adopted by the Council.

Any proposed variation must result in a better outcome and meet all objectives of this DCP.

A statement from the applicant must support any variation to the controls and demonstrate how the objectives are satisfied.

The DCP also contains administrative provisions which detail how development applications will be publicly notified and the duration of consents. The headings and notes within the DCP form part of its provisions.

## **Objectives**

The DCP aims to enhance the function, appearance and amenity of development and protect the environmental quality of Sutherland Shire. It aims to ensure that the Sutherland Shire is a vibrant community and desirable place to live, work and visit.

The objectives of this plan are to:

- Provide objectives and development controls that establish clear guidelines for development;
- Encourage development to respond to its context or a desired future character and be compatible with the existing built environment;
- Recognise and reinforce the distinctive character of the neighbourhoods and centres of the Sutherland Shire
- protect and enhance the public domain;
- Deliver a high quality urban environment and protect the landscape character and environmental qualities of the Sutherland Shire.

## **Land to which this Plan applies**

SSDCP2015 applies to all land to which Sutherland Shire Local Environmental Plan 2015 (SSLEP2015) applies.

SSDCP2015 does not apply to land identified as a 'deferred matter' in SSLEP2015, where the existing DCPs are saved and continue to apply. Land identified as 'deferred matter' is limited to:

- two sites at Captain Cook Drive Kurnell subject to State Environmental Planning Policy (Kurnell Peninsula) 1989; and
- land along Heathcote Rd and New Illawarra Rd, subject to Sutherland Shire Local Environmental Plan 2006 and Sutherland Shire Local Environmental Plan 2000

## **Relationship to other Plans**

This DCP is to be read in conjunction with SSLEP2015. Where there is any inconsistency between this DCP and the LEP, the LEP prevails. This DCP is also to be read in conjunction with the following:

- Environmental Planning and Assessment Act, 1979;
- Environmental Planning and Assessment Regulation 2000;
- Relevant State Environmental Planning Policies (SEPPs) and deemed SEPPs;
- Local Government Act 1993;
- Building Code of Australia (BCA);
- Relevant Australian Standards as identified throughout this DCP;
- Land and Environment Court Planning Principles; and
- Any other policy or document identified for consideration throughout this DCP.

Note: It is advised to check [www.legislation.nsw.gov.au](http://www.legislation.nsw.gov.au) for the most current list and version of applicable SEPPs

## Interpretation

This development control plan uses terms that are defined in the Standard Instrument – Principal Local Environmental Plan.

## How to use this plan

The structure of this DCP enables the user to find the development requirements for a particular development type within a zone. The plan also provides detailed requirements for specific localities.

Chapters 2-6, 34 and 35 have development controls for **specific development types**: Dwelling Houses, Secondary Dwellings, Dual Occupancies, Multi Dwellings and Residential Flat Buildings, Ancillary Development and Other Uses. A specific development type must also consider the requirements of the **general provisions**.

Chapters 7-33 and 43 have development controls for specific zones and areas, being R4 specific residential flat precincts, W1 and W2 Waterways zones, B1, B2 and B3 centres, B5, B6, B7 zones, IN1, IN2, IN3, IN4 industrial zones, SP3 Tourist zone, and RE2 Private Recreation zone. Development in specific zones and areas must also consider the requirements of the **general provisions**.

Chapters 35-41 have **general provisions** relevant for all development.

An introductory statement sets out the existing and desired future character in each zone or locality. Each suite of controls contains a statement of intent supporting and explaining the objectives and development controls.

A tailored set of provisions, based on the land use and address, is available through Council's on-line planning tool 'Development Enquirer'. Please consult Council's website for further information.

The documents available for download are PDF files.

DCP 2015 has the following chapters:

Chapter

- 1. Introduction**
- 2. Dwelling Houses**
  - E3 Environmental Management Zone
  - E4 Environmental Living Zone
  - R2 Low Density Residential Zone
  - R3 Medium Density Residential Zone
  - R4 High Density Residential Zone
  - B1 Neighbourhood Centre Zone
  - SP3 Tourist Zone
- 3. Secondary Dwellings**
  - E3 Environmental Management Zone
  - E4 Environmental Living Zone
  - R2 Low Density Residential Zone
  - R3 Medium Density Residential Zone
  - R4 High Density Residential Zone
  - B1 Neighbourhood Centre Zone
  - SP3 Tourist Zone
- 4. Dual Occupancy**
  - E3 Environmental Management Zone
  - E4 Environmental Living Zone
  - R2 Low Density Residential Zone
  - R3 Medium Density Residential Zone
  - R4 High Density Residential Zone
  - B1 Neighbourhood Centre Zone
  - SP3 Tourist Zone
- 5. Multi Dwellings**
  - R2 Low Density Residential Zone
  - R3 Medium Density Residential Zone
  - R4 High Density Residential Zone
- 6. R4 Residential Flat Buildings**
- 7. R4 Caringbah North Precinct**
- 8. R4 Miranda Pinnacle Street Precinct**
- 9. R4 Caringbah Medical Precinct**
- 10. Foreshore & Waterways Development – W1 Natural Waterways**
- 11. Foreshore & Waterways Development – W2 Recreational Waterways**
- 12. B1 Neighbourhood Centre**
- 13. B2 Local Centre – Bangor, Illawong, Kareela and Woolooware Bay**
- 14. B2 Local Centre – Gymea**
- 15. B2 Local Centre – Heathcote**
- 16. B2 Local Centre – Jannali**
- 17. B2 Local Centre + B4 Mixed Use – Kirrawee**

- 18. B3 Commercial Core – Caringbah**
- 19. B3 Commercial Core – Cronulla**
- 20. B3 Commercial Core – Engadine**
- 21. B3 Commercial Core – Menai**
- 22. B3 Commercial Core – Miranda**
- 23. B3 Commercial Core – Southgate**
- 24. B3 Commercial Core – Sutherland**
- 25. B5 Business Development**
- 26. B6 Enterprise Corridor**
- 27. B7 Business Park**
- 28. IN1 General Industrial**
- 29. IN2 Light Industrial**
- 30. IN3 Heavy Industrial**
- 31. IN4 Working Waterfront**
- 32. SP3 Tourist – Prince Street**
- 33. RE2 Private Recreation**
- 34. Ancillary Development**
- 35. Other Uses**
  - General Principles: Streetscape, Building Form and Siting
  - Bed & Breakfast Accommodation
  - Child Care Centres
  - Health Consulting Rooms
  - Telecommunications and Radiocommunications Infrastructure
  - Signage
  - Sex Service Premises (Brothels)
  - Restricted Premises
  - Neighbourhood Shops and Shop Top Housing in R3 and R4
  - Exhibition Homes and Exhibition Villages
  - Boarding Houses
- 36. Roads, Vehicular Access, Traffic, Parking and Bicycles**
- 37. Late Night Trading**
- 38. Stormwater & Groundwater Management**
- 39. Natural Resource Management**
  - Biodiversity Strategy - Greenweb
  - Wetlands and Waterways
  - Threatened Species
  - Tree and Bushland Vegetation
- 40. Environmental Risk**
  - Bush Fire
  - Contaminated Land Management
  - Flood Risk Management
- 41. Social Impact**
- 42. Administrative Provisions**
- 43. 101-151 Port Hacking Road, Sylvania – Frank Vickery**
