PROJECT UPDATE

Cronulla Plaza Upgrade

Work on the Cronulla Plaza upgrade has been progressing well. We are excited to open the first of two new destination playgrounds in December. The whale tail, at the northern end of the Plaza, is set to be an iconic part of Cronulla.

The upgraded Plaza includes new paving and a variety of new tree species. New seating, shade structures around the play space and lighting will be included in the next stage of the Plaza upgrade. This will be completed in June 2024.

For now, we've included temporary seating and furniture in the refreshed area so you can enjoy the Plaza over Summer.

Construction timing: Work will stop between early December 2023 and January 2024 to allow our community and businesses to enjoy the Plaza over Summer. Please note, any critical or emergency work will proceed if required.

Work will start from early February 2024 and be completed in June

We will keep the community updated as work progresses and thank you for your patience during this important work to refresh Cronulla Plaza.

Keep an eye out on the exciting changes coming to Cronulla Plaza!
