Public Liability Relating to Trees.

1. That as a matter of policy staff be authorised to deny claims in respect of Council failing to take precautions against a risk of harm (defined as personal injury, death, property damage or economic loss – Section 5, Civil Liability Act 2002), arising from falling trees, from falling tree branches or encroachment of tree roots unless Council knew or ought to have known of the risk and the risk was not insignificant.
2. That it be acknowledged that the amount of resources available for inspections and maintenance of trees on reserves, not being road reserves, is limited to that amount shown in Council's budget."
